Escape from civilization. Fight for survival. Defend humanity. Inspired by the popular Ender's Game video game and directed by one of the game's stars, in Escape from the City, you are cast as a Special Forces soldier on a mission to save the human race from a deadly virus that has consumed the world. Fall into a coma and awaken in an abandoned subway station that is not as deserted as it appears. Your first instinct is to run and flee, but as you explore the station and encounter various factions that are not as friendly as they first seem, your long-standing loyalty to humanity will be tested. The Survival Horror experience Escape from the City is a survival horror game that features procedurally-generated levels. As you explore, you will encounter an ever-evolving cast of threats. Some will be deadly, while others will be helpful. Some will give you the chance to escape, while others will kill you. Classical survival horror gameplay with a very unique approach. Explore the station in first-person. Each area has many stories to tell that are rendered in an intuitive and easily understandable way, with a focus on believability. Escape from the City is build for VR. VR the Gamers VR the Gamers has released the first VR Survival Horror Game in 2015 In the beginning, nothing was right. Now it seems that it's the end of the world. As a Special Forces soldier, you are

deployed on a mission to save the world from an unforeseen and deadly epidemic. The virus was brought to Earth by an alien race and has consumed the Earth. Everything seems normal. Then the real nightmare begins, and it will take an all-out war to save the world. Features: A SHOCKINGLY NEW VR survival horror experience Explore a dangerous environment in first person VR THE GAMERS NO TRAVEL WITHOUT VR! Our game gets tested on many different platforms and devices, and the problems we encounter when first playing the game on a non-VR PC. We therefore need to play and test it within VR on our own technology in order for the game to work well and feel good. Then we announce our next game on the Unreal Engine. VR the Gamers. Escape from the City is our next step into the brave new world of VR games. The world is in turmoil and the Special Forces are all that stands between the Earth's protection. In addition to that, many factions are fighting one

A very unique new gameplay concept and the best narrative of any VR game to date!

I'll try to keep this review brief but I still would like to get a word out there about StarShelter. You're going to love this game, trust me! But is it worth the \$30 price tag? Let's take a look! StarShelter Review by: VR the gamers This game is available in all VR compatible platforms now. For the HTC Vive or Oculus Rift, this is one of the best new VR games of 2017! You start off in an airship on your way back home after an almost fatal crash. On board are people who were also passengers, but before you know it, their airship crashes and is damaged by space debris. After a short but intense night time, the sun comes up and you are in a strange world. You have to build a base and survive, but before you do that, you better be sure that the survivors and the airship are still around. StarShelter: Welcome to the universe of Stellar Shelter! One of the most immersive VR experiences we have ever tried! Take a look at the out there stars and planets on your way back to earth. Star Shelter License Key For Windows [Updated]

This was my first use of the Oculus Rift headset After the initial adjustment period, I was impressed that the gaming mechanics were perfectly implemented. For VR on a TV screen, the tracking worked really well. For a 360° experience, I was impressed that it felt like you were actually in the game. The "grab" of the game to save the settlers was a cool mechanic and worked perfectly on the TV. All in all, it was a very good experience. INDIANAPOLIS - Gary residents Levi Payne and Brittany McIntyre went from movie set to baby room on Wednesday. Payne was sentenced to nine years in prison and McIntyre to six years. They were considered defendants at their sentencing, but were sent to jail at least through Friday before they are eligible for high-risk offenders programs. Payne was 21 when the high-school sweethearts started having children four years ago with the help of McIntyre, whom Payne met at a high school dance and who...Saturday, April 7, 2016 Major U.S. banks are under daily scrutiny. Bank of America, BB&T, JPMorganChase, and Wells Fargo are some of the bank of the Fortune 50; however, they are included in our country's best banks because they are still doing their part in the financial recovery. But they are mere tweaks compared to International bank HSBC, the world's fifth largest bank. According to their 2015 filing with the United States' Department of Justice HSBC's violation was this - "HSBC, through its foreign and domestic subsidiaries, engages in a broad range of global financial services such as bank and branch lending, commercial real estate leasing, underwriting and risk management, securities and securities lending and brokerage activities in more than 50 countries, including the United States." These activities brought this large international bank to a position of being the world's fifth largest bank. Do you think it is
